

It is important to look after our Forests and to keep them healthy.

Unscramble the words and fill in the blanks.

Foresters take care of the (eerts) \_\_\_\_\_ in our forests. They make sure they are growing healthy and strong.

Seedlings are looked after until they are healthy and (srntog) \_\_\_\_\_ and then they are left to grow on their own.

Disease and bugs can make trees (ksci) \_\_\_\_\_

Many forest fires are caused by (poelpe) \_\_\_\_\_. We must make sure we do not leave burning (cmfrsapie) \_\_\_\_\_ or other material in the woods.
